Our mission is "**Total Quality Commitment**" by continuing to build:

A partnership with our employees by promoting team effort, communication and empowering them to do their best, and by creating an outstanding work environment through innovative SPC concepts and methods which, by our company's success, fosters self-advancement.

A partnership with our customers, sales representatives and distributors by providing expert engineering and sales support as well as on-time delivery of thermistors, probes and assemblies which exceed their quality and performance requirements.

A partnership with our vendors by clearly communicating our high expectations of service and product quality thereby insuring our ability to provide the same to our customers.

A partnership with our community by providing employment opportunities and by being responsive to important civic issues.

"Our goal is to be the best thermistor manufacturer in the world with a strong commitment to quality and a continued vision to the future." -U.S. Sensor Corp.
